

Golfers,

We completed another wonderful week in Scottsdale, playing great courses and with perfect weather. We got out of Arizona just in time as the 100+ degree temps were setting in the day after we left.

Playing golf in Arizona in the 80's with no clouds in the sky, well, it just doesn't get much better than that. I believe that all 54 golfers that participated in this event agree.

The official results of the tournaments are posted on our website, [www.boeinggolf.org](http://www.boeinggolf.org). Attached are the payouts, to include refunds and prizes. We had two golfers withdraw prior to having to commit our numbers to the golf courses, so they got a full refund. We had three others that had to make last minute medical withdrawals, even though the courses did not have to give us refunds contractually we were able to negotiate refunds from most and partial refunds from the others.

Short answer is that for those that had to withdraw while at Scottsdale we got you almost all of your money back. Hope everyone is doing well and getting ready for our event at Perdido Key beginning on October 30.

Congratulations to the winners,

Dwight
