

The senior league champion for the year is determined based on the following:

- 5 point system
- 1st place 5 points to 5th place 1 point.
- Ties get same points, e.g. if two are tied for 2nd place each will get 4 points. Then 3rd place is eliminated, 4th place gets 2, 5th gets 1.
- Weekly results are posted on the website.
- Flights are eliminated for points, but will still be used for prize money if we re-institute that.
- At the end of the season, top four point players will have a playoff for senior league champion. The league champion will then compete for the overall BEGA Championship in October.
